THIS WEEK'S PROGRAM

Richard Flyer, The Truckee Meadows Conscious Community and Business Network

The Truckee Meadows Conscious Community and Business Network - Their efforts are to encourage the support of locally-owned and independent businesses (defined as 50% or more ownership of a business from an owner who lives within 50 miles of Reno/Sparks) in the region.

Estimates are that if 20% of the spending by consumers and businesses were shifted to locally-owned and independent businesses, more than 1 Billion in spending would enter the local economy providing community and economic benefits to all throughout our region.

We have developed tools like our first printed directory to encourage this shift in spending behavior as well as an online format as well.

Each year thousands of families throughout the United States and the world open their homes and hearts to international high school exchange students - sharing their own culture and learning about one another.

Rotary District 5190 hosts approximately 30 inbound students each year and we want to help you make the experience as successful for our students, the host families and the host Rotary clubs as possible. As you face the challenges and joys of hosting, the district RYE committee invites

you to participate in a Host Family and Youth Exchange Officer Orientation, where experienced members of our district committee, club officers and host families will provide valuable information and advice to prepare you for the role of host club and host family.

- *Club RYE student counselors*
- *Host Families*
- *Prospective Host Families*
- *Any other club member interested in learning more about RYE*
