Sally Basl in Australia Reporting on Her Encounter With a Centipede

“Everything was fine till something started crawling on me, it felt really weird, felt a lil sting and a long creepy thing slither away in the water and realised it was a damn centipede!!! It freaked me out initially until i realised i wasnt gonna die from it, it stung a fair bit until i washed it off, and then looked at it. Ohhh man it was startin to puff and startin to hurt, little did i know that wasn't even the start of the bloody pain. Loreen rang up the doctor to see if there was anything we could do, sadly enough there's nothing but ice and the equivelent to advil. Holy dooly, i'm in tears with so much pain.”

(We'll Let Ed give us the full details at the meeting!)
