THIS WEEK'S PROGRAM

Artefice by Dianda

Our founder, Norm Dianda is known for telling it like it is. When asked for a name describing his millwork business, he responded with a candor consistent with his Italian heritage. "Artefice," he said. "It means craftsman."

In any language, Artefice by Dianda represents people committed to turning buildings into masterpieces. Artefice collaborates with you. We craft your vision. We complement your design. We support your project. The results? Design with integrity. Meticulous craftsmanship. Professional delivery.

Just as craftsmen at Artefice master the tools of the trade, project leaders master such tools as schedules and budgets to deliver valuable and timely results. If your project calls for exceptional quality millwork and service, please call us. At Artefice by Dianda, craftsmanship is not only alive - it thrives. We'd stake our name on it.
